

2019 Advocacy Agenda

Systemic change is at the core of CAST's mission. CAST has a proven track record of developing innovative partnerships that effectively advocate for policies that work to end human trafficking and help survivors rebuild their lives. Drawing from over 20 years of direct experiences with survivors, CAST has catalyzed first-of-its-kind legislation and has won the respect and partnership of a diverse group of policy leaders. CAST's 2018 agenda includes initiatives at the federal, state and county level. CAST and our coalition of partners are committed to both policy advocacy and implementation.
