

Directory of Training and Technical Assistance Resources for Anti-Human Trafficking Task Forces and Service Providers

The Office for Victims of Crime Training and Technical Assistance Center (OVC TTAC) has compiled this directory to assist Anti-Human Trafficking Task Forces and service providers in locating relevant training and technical assistance (TTA) resources.

The directory focuses on TTA resources targeted for practitioners actively working in the anti-human trafficking field. The TTA providers included in the directory have the ability to assist practitioners across the nation; they have been vetted by the Office for Victims of Crime (OVC) and Bureau of Justice Assistance (BJA) Planning Committee. The information comes directly from TTA providers in response to a widely distributed request for anti-human trafficking TTA resources.

The directory begins with an index of TTA resources organized by the primary method of delivering the TTA: distance learning, in-person scheduled training, and training and technical assistance by request. Following the index are expanded descriptions of the resources, with links to the TTA providers' Web sites.

The information in this directory is subject to change, so please contact the TTA providers directly for the latest information and assistance. If your organization would like to be included in the next version of the directory, please contact humantrafficking@ovcttac.org.

For tool kits, videos, and more resources, please see the *OVC/BJA Anti-Human Trafficking Task Force Strategy and Operations e-Guide* available at www.ovcttac.gov/taskforceguide/eguide

Title: **Victim, Survivor, Leader Training**

Organization: Girls Educational and Mentoring Services (GEMS)

POC: Deanna Green, Training and Technical Assistance Manager, deanna@gemsgirls.org

Web site: www.gems-girls.org

Audience: Direct Service Providers, Foster Parents, Victim Advocates

Format: In-Person Training

Cost: Contact GEMS for more information.

Summary: GEMS' VSL training is a 2-day training with adjoining technical assistance training for the hosting agency. It is specifically geared toward agencies and organizations that provide long-term care to youth who have experienced commercial sexual exploitation. We require that participants have received basic CSEC training and are well versed with the issue. Girls Educational and Mentoring Services' mission is to empower girls and young women, ages 12–24, who have experienced commercial sexual exploitation and domestic trafficking to exit the commercial sex industry and develop to their full potential.
